

While we are experiencing extraordinary times with the effect that the corona virus has on our lives, we are following the updates and recommendations closely and taking appropriate safety precautions accordingly. European Glass Context 2020 will go on as planned, with the opening of the exhibitions and events September 12<sup>th</sup> 2020, on the island of Bornholm, Denmark. Should there be changes, we will let you know as soon as possible.

### **European Glass Context 2020 Exhibitions**

#### **Open Call now accepts applications - Deadline April 20<sup>th</sup>**

2 large curated exhibitions at the Bornholm Art Museum and Grønbechs Gård will showcase the best of European glass. Four underlying categories will shape the exhibitions. Read about the categories and find the application form here: <http://www.europeanglasscontext.com/EGC2020-Exhibition-Open-Call>

#### **AiR at The Royal Danish Academy, School of Design, Bornholm**

European Glass Context 2020 is offering a residency for two artists or craft practitioners working in glass. The residency provides six weeks access to studio facilities at the glass department at KADK Bornholm and access to basic materials. Proposed projects for the EGC2020 artist in residence program must address themes related to one or more of the UN's sustainability goals.

#### **How to participate**

The program for EGC2020 should include events, happenings, exhibitions etc. that are organized on a professional level with contemporary glass in focus. Please let us know if you have anything in mind, and we would be happy to include your event in the program!
